## 24/7 EMERGENCY SERVICES

## 2016 SAIA CONVENTION & EXPO INDIANAPOLIS, IN

July 11, 2016 - Vertical Access Solutions participated in the Scaffold Builders Challenge again this year. The challenge took place between 3 major scaffold erection companies. Teams were judged on Safety, Efficiency, Quality, and Organization while erecting a pre-designed scaffold. The scaffold was two lifts high with stairs, ladder, and two, four-foot cantilever decks.

The Vertical Access Solutions Team included 4 Union Carpenters: Aaron Nicholson, Tom Pritts, Brandon Bane, and Brian St. Clair and they placed 1st overall in the competition. Congratulations to the team for a job well done!
