Attention: Mr. Trent McNutt

Subject: International Paint - Ceilcote Linings and Coatings

Dear Mr. McNutt,

We are pleased to confirm that Advanced Industrial Services has attended a dedicated product application training of Ceilcote systems to steel and concrete substrates, passed the theory based knowledge tests and displayed competency in all aspects of the application procedures.

We consider Advanced Industrial Services a qualified applicator for Ceilcote Linings and Coatings. Their continued training in application and safety procedures required for polymer installations, has established them as an approved contractor.

We thank you for using International Paint on your projects.

Please contact us when we can be of further service.

Regards,

Les E. Prysock

Project: Letter of Reference

Customer: Advanced Industrial Services, LLC

Chad,

Advanced Industrial has successfully applied a wide variety of Industrial & Architectural Coatings from Sherwin Williams. This includes high performance coating systems, lining systems, fireproofing, & high temperature coatings.

Please don't hesitate to call me with any additional questions on this subject.

Respectfully,

Jason Todd

RE: Industrial Coatings Applicator

To Whom It May Concern:

I am writing this letter to recommend Advanced Industrial Services for proper application of Industrial Coatings and Fireproofing by the Carboline Company.

Advanced Industrial Services has a solid work history and has worked with many of the Carboline's product offerings. Advanced has also worked directly with Carboline technical service training to use Carboline coatings and fireproofing. I feel confident in Advanced when called upon to use Carboline. Advanced Industrial Services will meet or exceed your expectations of service with qualified project managers, field superintendents, and applications in their shop or applied in the field.

If you have any questions, please contact me at 734 658-8715, or email me at mcosby@carboline.com.
